ENGINEERS REPORT OF THE SUNAPEE FIRE DEPARTMENT

In 1960, the Fire Department answered a total of 22 alarms, of which 18 were in the town of Sunapee. Total damages within the town were under $3,000.

Two of our older pieces of apparatus were dismantled of usable equipment and sold. With this money and a large portion of the reserve fund built up over the past years, we purchased a 1,000 gallon tank truck. Through volunteer labor on the part of many of the firemen it is now fully operational. A new Company known as Tanker Company #4 was made up of existing personnel to man this truck.

The Engineers have had several meetings with the Newbury Fire Department in an attempt to improve the fire coverage around the Lake Sunapee area. The beginnings of a Mutual Aid System have been established.

The Department purchased two new portable pumps largely through funds raised by the firemen. One of these has been added to the Georges Mills Company #3 and one to Tanker Company #4.

The Engineers are asking for an increase of $500 in our 1961 appropriation to purchase radios for our station and three trucks. The original cost will exceed $1,900. If pur-

chased at the present time, Civil Defense will pay for one half of the cost. It is hoped that the Department itself will be able to raise approximately one quarter of the cost and that the $500 mentioned above will make up the balance. These radios will allow us to tie in with Claremont, Newport, New London, and Newbury which presently have this equipment.

ABBOTT LIBRARY REPORT

For Year Ending December 31, 1960

The use of the Library has continued to show an increase this year, especially by the school students. A great deal of material has been loaned for themes, projects and book reports. Starting October 1st the Library has been open Tuesday evenings instead of Friday evenings for the greater convenience of students requiring reference material.

Improvements this year include two new book shelves for our collections of juvenile and adult books on loan from the State Library Extension Service, and a new bulletin board.

In December the Friends of the Library purchased a motion picture projector for the Library and a schedule of films will be started in January. These films are available to our Library from the State Library in cooperation with the Audio-Visual Center at the University of New Hampshire.

Gifts to the Library this year include six volumes of Sunapee Town Reports bound and dating from 1858 and were given by the family of Tony Russell, in his memory. A photograph of the early steam boats on Lake Sunapee was given by Charles Hill. Books were given by Mrs. H. Gilroy Chandler, Mrs. Lawrence Collins, Mrs. Lois Keating, Charles Hill and Ray Lawrence. Magazines were given by Mrs. Constance Tallarico, Mrs. William Lary, Mrs. Raymond Hudson and Louis Holbritter.

A buffet dance was held at the Library April 23rd by the Friends of the Library and was one of their very successful fund raising projects. An area librarians meeting was held in our Library October 31st and I attended Library meetings April 8th in Newport and September 19th in New London with members of the Board of Trustees.

My sincere appreciation to the Trustees, Mrs. Harriet Stocker, Mrs. Guy Alexander and Mr. William Lary for their assistance and cooperation and to the Friends of the Library for their efforts toward making our Library of greater value and use to our community.

Respectfully submitted,
MABEL S. DAVIES, Librarian

The usual routine work was accomplished at the school, namely: heights and weights recorded, vision and hearing tested and assistance given to Dr. Walker in examinations.

Dr. Chris Armen of Newport did the dental clinic work which was financed by the Sunapee Women's Club with matching funds from the state. Extra work was fianced by the Salvation Army.

Last spring we had a severe epidemic of measles. On the whole, the health of the school pupils was good. Regu-

lar visits to the dentist is urged for all children to avoid the great expense and loss of teeth if this is not done.

I wish to thank Dr. John Walker, Dr. Chris Armen, all organizations, the town officials and members of the Lake Sunapee Nursing Association for their interest and cooperation in our health program.

Respectfully submitted,

FLORENCE P. ROLLINS, R. N.

REPORT OF THE SUNAPEE SCHOOL BOARD

Members of the Board have been occupied with planning and supervising the construction of the new classrooms and the Gymnasium-Auditorium. The classroom for the 8th grade was first occupied Thursday, November 3, 1960; the new Science classroom was occupied November 7, 1960. The expected time for completion of the Gymnasium-Auditorium is early spring. The old Science room is now being used for High School Mathematics classes. The Wheeler Gymnasium at Newport has been made available for some of the Sunapee basketball games during January and February.

On August 29, 1960, a gift of $100.00 was gratefully received from summer residents, Mr. and Mrs. H. W. Look, with a suggestion that this money be added to the "building fund for the new school and civic gymnasium and social center."

We wish to thank the members of the School Expansion Committee for their interest and their services during the planning for new buildings. This Committee included the following: Clyde C. Colcord, Howard M. Pratt, William Roach, and Richard H. Webb.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of Sunapee:

I submit herewith my thirteenth annual report as Superintendent of Schools.

Enrollment

The enrollment for the School Year 1960-61 is 263 - divided as follows:

Elementary Grades (1-8) — 200
High School (9-12) — 63

Single grades have become a reality with the completion of the new Addition. With the passing of split grades and double grades in the same room, better instruction should result. Teachers can spend more time on the preparation and teaching of the subjects in one grade only. This should result in definite benefits from a more thorough training at the elementary level.

Building Programs

With two building projects voted by the 1960 District Meeting, much extra time of School Board members and other school personnel has been taken up by the details of construction. $55,000.00 was voted for a Science Laboratory and another elementary classroom constructed as a second floor over the Addition originally built in 1953.

$145,000.00 was voted for a Gymnasium-Auditorium Building.

We were fortunate to qualify under Title III of the National Defense Act of 1958 for the new equipment in the Science Laboratory. This amounted to one-half the total cost of $4,400.00. The $2,200.00 received locally was much more than Sunapee was qualified to receive on the basis of the number of students in school. It came about as a result of the special approval of this Science project by the New Hampshire Department of Education.

The cost of the two building projects was financed by a bond issue of $200,000.00. The issue was sold as of May 1, 1960 at a very favorable interest rate of 3.4%. By reinvesting a part of this bond issue in U. S. Treasury Notes, an additional $630.00 was earned.

Staff

As Sunapee completes a substantial building program, constant attention should be given to keeping qualified

teachers and recruiting capable replacements. Salaries at least comparable to surrounding communities, a reasonable teacher work-load, and parental appreciation of their services, are all factors in retaining good teachers.

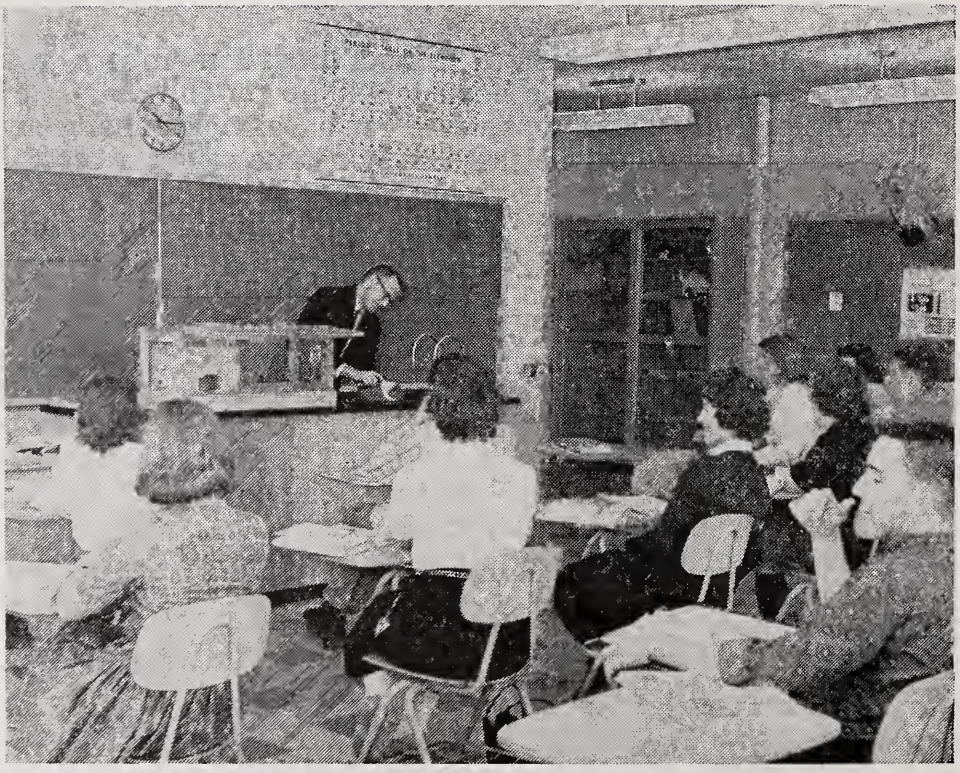
Conclusion

The work of the school touches many phases of community activity. It is my hope that the accomplishments will be such as to merit the continued interest and support of the citizens of Sunapee.

Respectfully submitted,

GORDON B. FLINT,

Superintendent of Schools



A section of the new Science Laboratory.

REPORT OF THE PRINCIPAL

Superintendent, Gordon B. Flint
Newport
New Hampshire

Dear Mr. Flint:

Commencement Exercises for Sunapee High School were held on June 16, 1960. There were twelve graduates: John Carey, Rene Clarke, Gretel Cole, Gary Dashner, Joan Dempsey, Gail Eastman, Marlene Handley, Robert Kangas, Douglas Pratt, Gerald Trombley, Edwina Wiggins, and Pamela Wiggins.

Recipients of prizes and awards were as follows:

Babe Ruth Award—Pamela Wiggins, Douglas Pratt

Bausch and Lomb Science Award—Gail Eastman

Daughters of American Revolution Citizenship Certificate—Gail Eastman

Josten Citizenship Award—Marlene Handley

Sunapee Fire Department Sports Award—Douglas Pratt

Murvin A. Bailey Award—Gail Eastman

Alumni Scholarship Award—Marlene Handley

John U. and Della M. Emerson Scholarship—Gail Eastman and Joan Dempsey

Three members of the class are attending Keene Teachers College. One member is attending each of the following post-secondary schools: Colby Junior College, Fisher Junior College, and Peter Bent Brigham School of Nursing. One member is in the Air Force.

At commencement the establishment of the Carl M. Thomajan Memorial Scholarship was announced. This consists of an annual grant of $400 to be given to a graduate of Sunapee High School beginning his second year of college or post-secondary school.

Because it is becoming increasingly difficult to enter all types of post-secondary training, I feel that now more than ever, close cooperation between the home and the school is essential. We must work together more closely on such things as adequate preparation of homework and

a proper balance between academic work at school and other activities. Our recognition of our increasing, joint responsibility on these and many other areas of our children's lives is imperative.

Respectfully,

DAVID W. SHERBURNE

Principal

REPORT OF THE HELPING TEACHER

In reporting a brief summary of services rendered to the Sunapee School, I wish to express my sincere appreciation to all personnel for their continued cooperation toward the fulfillment of responsibilities in (1) guiding the educational growth and development of children; (2) meeting the needs of exceptional children; and (3) providing special resources and materials for the classroom.

TESTING AND GUIDING SERVICE—

Achievement tests administered at all grade levels

Mental Ability testing—grades 1, 4, and 7 (and continued by U. N. H. guidance testing in High School)

Administration of individual pschological test (Stanford-Binet) as requested for pupils guidance (over the past several years, 15 of these tests have been given)

Clinical referrals made through contact with principal, teachers, and parents (Claremont Child Guidance Clinic)

Meeting with interested parents (elementary grades 1-8) to explain the nature and function of the elementary testing program.

AREA CONFERENCES AND WORKSHOPS—

Participating in state-wide study in the improvement of supervisory practices (an extension at the 1960 summer work conference of helping teachers, principals, special supervisors, consultants, and members of the State Department of Education)

Participating in the special study of mathematics (grades 1-6) initiated in 1960 by the Association of Helping Teachers in cooperation with the State Department of Education and to be continued with the help of many interested leaders throughout the state at a writing work conference in April, 1961

Attending conferences in the field of reading (New England Reading Association); the intellectually retarded child (New Hampshire Council for Exceptional Children); and other areas as deemed necessary

Attending Research Institute of New England Association of Supervision and Curriculum Development

OTHER AREAS OF WORK—

Classroom visits to note physical, emotional and educational atmosphere and to offer help in instructional

phase of the school program

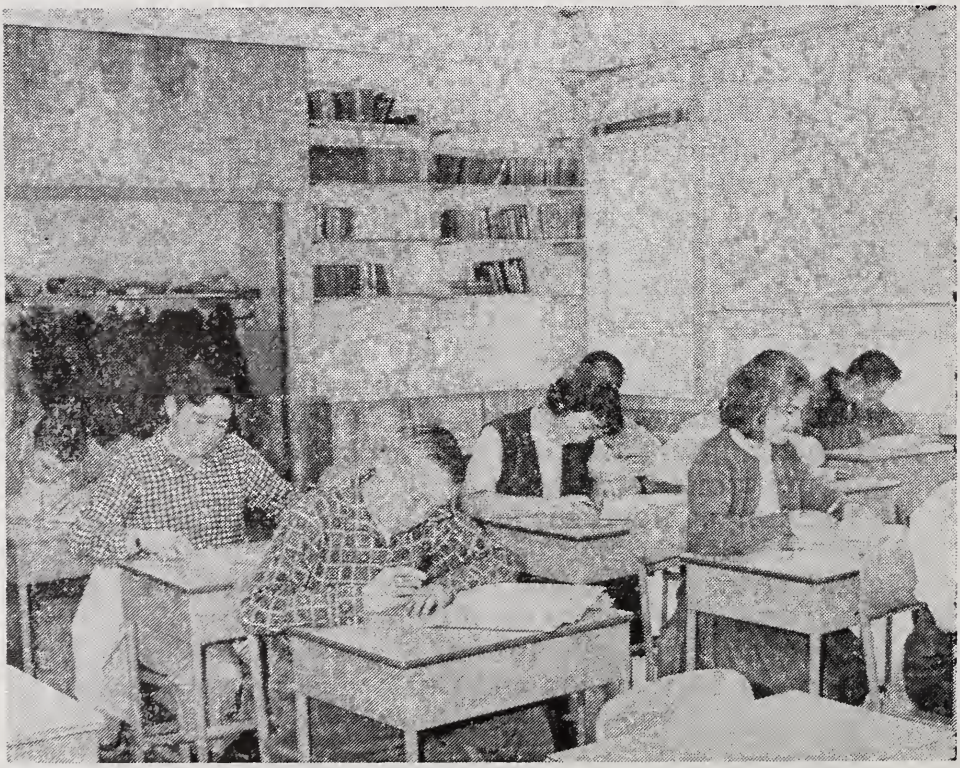
Planning grade-level meetings (union-wide) as a means of discussing problems of common concern, This approach to staff cooperation can lead to improved practices in all major subject areas—particularly in mathematics which is already receiving considerable attention throughout the state

Safety education: through interest and cooperation of the local police department and many professional and business establishments, "Child Safety Manuals" (prepared by National Child Safety Council) have been made available to all pupils (grades 1-6) as an aid to teaching safety education by teachers and parents. Bicycle safety materials will be distributed in the spring.

Individual conferences with principal teachers, and parents on matters requiring special attention (pupil adjustment, curriculum matters, special materials, etc.)

Respectfully submitted,

ALPHONSE J. SOUCY, Helping Teacher



A section of the new classroom housing pupils in Grade 8.
